Reach Visitors On Digital Screens Throughout Their Visit or Stay

Visitors make choices throughout their time in Ireland: where to go, what to see and which experiences they should not miss.

Positioned in hotels, attractions and other high-footfall visitor locations, **Glance Discovery Screens** put your business in front of visitors and locals during their visit or stay.

The screens are silent, so they can be prominently placed without intruding on the surroundings. They become an ever-present source of ideas and inspiration — regularly reminding visitors of the opportunity to visit, book, enquire or buy from you.

How Screens Influence

Your message reaches visitors who are:

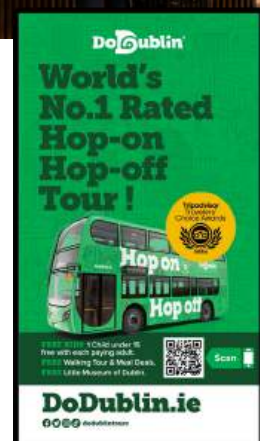

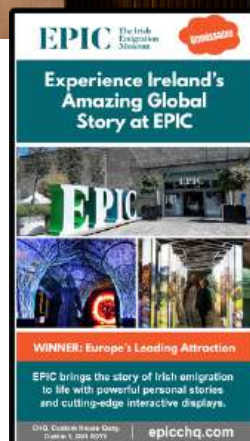

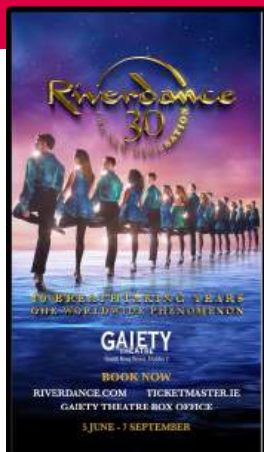

- In the destination and nearby
- Actively deciding where to go and what to do
- Open to ideas, recommendations and inspiration
- Close enough to visit, book, or buy
- Seeing your message throughout their visit

Glance Discovery Screens provide **repeat visibility** keeping your business in mind — and prompting action.

FEATURES OF THE GLANCE DISCOVERY MESSAGES

Prominent Portrait Format

The large 43-inch portrait screen gives you a strong presence in busy visitor locations.

Works for You Throughout the Day

Your message is looped, appearing repeatedly, attracting the attention of visitors.

Silent and Powerful

Designed to communicate without sound, your message attracts attention without intruding on the visitor experience.

Poster-Style, Animated or Video

Choose the format that presents you most powerfully — from a striking poster-style message to animation or video.

Present Your Brand and Inspire Action

Use strong imagery, persuasive copy and a clear call to action to turn passing attention into visits, purchases and enquiries.

WHO ARE THE DISCOVERY SCREENS BEST SUITED TO?

Ideal for tourism and visitor-facing businesses and organisations, including:

- Visitor attractions
- Activity and experience providers
- Fashion and gift outlets
- Festivals and event organisers
- Arts, heritage and entertainment venues
- Counties, towns, resorts and destination groups
- Ground transport and ferry operators
- Visitor services and tourism organisations

GLANCE CAN BROADCAST YOUR MESSAGE TO ONE OR MORE SCREENS

Glance can broadcast your message to one screen, selected screens or across its growing network.

Content is uploaded remotely in real time and can be changed quickly— ideal for timely, seasonal, and event or location-specific messages.

FREE DESIGN SUPPORT WHEN YOU NEED IT

Supply your own screen-ready artwork or ask Glance to help with the wording and design.

We can turn your photographs and information into a clear message created for the portrait screen.
